

### Kindergarten

Watch the video on the story "The Very Greedy Bee." What lesson did the bee learn?

<https://www.youtube.com/watch?v=Yz7zsrfgKJ0>

### 1st grade

Watch "Stephanie's Ponytail" by Robert Munsch.

<https://www.youtube.com/watch?v=6bvYhf0qW4s>

In the story, Stephanie was not afraid to be herself. Try brushing your hair differently or making a new hairstyle. Did you feel happy knowing that you made it up yourself?

For fun, watch another girl with a ponytail that will make you happy singing "The Happy Song"

<http://www.nickjr.com/abby-hatcher/videos/111-the-happy-song/>

### 2nd grade

I will be posting all three assignments and one enrichment activity today. The assignments given today are ones I gave a few weeks ago on the index, giving an opinion, and the article "Lab-Grown Meat." I am giving you another chance to turn the work in if you did not do it the first time. **Assignments are graded.** Enrichment activities will be fun activities, like games, a student can do if they completed the work. **Enrichment activities are not graded.**

**All parents have been emailed on what is missing. All work should be turned in on Messenger.**

#### Assignment: (Will be Graded)

1. This week we will be practicing with the index, the part of the book that helps us find what we want to read about without having to look at the whole book. Complete the [index worksheet](#) on a separate sheet of paper and uploading it to Class Dojo, or type your answers directly on a Class Dojo message. (Click on the link "worksheet" to get the pdf file)
2. Practice your skills of putting books away by playing [Lightning Librarian](#). The goal is to give the correct book to the student before they get mad and go away. Leave me a message on Class Dojo on what you thought of the game. Good Luck! (Flash Player needs to be enable in order to play). If you have problems, please let me know.
3. Read the article "Would you like to try lab-grown meat?" Ask yourself, would you eat meat that was grown in a lab? Yes or no and why. Send your answers on messenger..

<https://www.timeforkids.com/g2/future-food-4/>

If you click on Read Aloud, the article will be read to you.

#### Enrichment: (Will not be Graded)

Alphabetize practice (Choose their word list)

<https://www.abcya.com/games/alphabetize>

### 3rd grade

All work for 3rd Grade can be found on Google Classroom for Library 4th Quarter and will be turned in on Google Classroom. There are 5 assignments that must be turned in. If you have a grade for an assignment, I have already graded it, so DO NOT RESUBMIT. If you have a "0" or it says missing, you still need to work on it. Check student portal to make sure your assignments have been updated. I update your grades after 3 pm everyday. Only work turned in before 3 pm will be updated that day, the rest will be updated the next school day. (I don't update grades Saturday's or Sunday's). Students that have completed all assignments before Monday morning, will receive some fun games for them to enjoy later in the day. Email me with any questions, [crguevara@cps.edu](mailto:crguevara@cps.edu).

#### 4th grade

Can you tell a story without words? Watch "Chalk" by Bill Thomson and see it done.

[https://www.youtube.com/watch?v=zQ3i86\\_Sx6U](https://www.youtube.com/watch?v=zQ3i86_Sx6U)

If you were writing a message in chalk, what would you write? It could be to me or to a friend. It could even be to yourself.

For fun, check the trailer for a new book that will be coming to the library for next year.

"The One and Only Bob." <https://www.youtube.com/watch?v=p8UKRHQ66Mw>

#### 5th grade

Check out the porquoi stories on the Tinga Tinga Tales youtube channel. There are stories about why skunks smell, why an owl's head turns around, why a leopard has spots, and many more. Check this one, "Why Baboon has a Bare Bottom".

<https://www.youtube.com/watch?v=bKi8T47Dzcc>

Then tell me, if you wrote your own porquoi tale explaining why an animal has a certain characteristic, what animal would you pick and what characteristic would it get?

For fun, check out these plant adaptations.

#### 6th grade

All work for 6th Grade can be found on Google Classroom for Library 4th Quarter and will be turned in on Google Classroom. There are 5 assignments that must be turned in. If you have a grade for an assignment, I have already graded it, so DO NOT RESUBMIT. If you have a "0" or it says missing, you still need to work on it. Check student portal to make sure your assignments have been updated. I update your grades after 3 pm everyday. Only work turned in before 3 pm will be updated that day, the rest will be updated the next school day. (I don't update grades Saturday's or Sunday's). Students that have completed all assignments before Monday morning, will receive some fun games for them to enjoy later in the day. Email me with any questions, [crquevara@cps.edu](mailto:crquevara@cps.edu).

#### 7th grade

Compare these two stories. Describe why they should be linked together. Which character are you most like, the fox or the cow?

"The Fox and the Sour Grapes" <https://www.youtube.com/watch?v=ZPhFq7H2Mrl>

"The Cow Who Climbed a Tree" by Gemma Merino

<https://www.youtube.com/watch?v=y90oTG1ZGGk>

For fun, check out these plant adaptations.
