PREPARING FOR THE IAR ASSESSMENT:

The IAR tests will be administered from March 20 until March 31. Teachers will share the class schedule with parents. The night before the tests be sure your child gets a good night's sleep. Adequate sleep is a key factor in student success and studies prove that students who get a good night's sleep perform better on standardized tests. Encourage your child to eat a healthy, filling breakfast. Getting a good night's sleep and eating a healthy breakfast will help children focus and do their best on test days.
